GigSafe

DRIVER GUIDE

Fusion Logistics & GigSafe

What it is, what it costs, and why it works in your favor.

What is GigSafe?

GigSafe is the platform Fusion Logistics uses to sign up independent contractors, pay weekly settlements, and keep paperwork and insurance current. It's where you'll verify your identity, upload your documents, choose your coverage, set up how you get paid, and sign your contracts, all from your phone.

How it works

1

Watch for your link

GigSafe will text and email you a personal sign-up link. Check spam if you don't see it.

2

Complete sign-up

About 20 minutes on your phone. Upload your documents, pick your coverage, add your bank or debit card, and sign.

3

Drive and get paid

Fusion pays your settlement weekly through GigSafe. Any coverage costs come out of that settlement automatically.

⚠ **You won't be active until EVERY step is done, including your coverage selection and contract.**

Why drivers come out ahead with GigSafe

- **You only pay on what you earn**
  Charges are a small percentage of each week's settlement. Light week, light cost. No minimums, no flat monthly premium.
- **Hard weekly caps**
  Every charge stops rising at its cap. The most anyone pays in a week is $65.50, no matter how much you earn.
- **Nothing to pay up front**
  No down payment or 6 month premium. Commercial coverage is usually expensive to buy on your own; here it's built into your settlement.
- **You and your family are protected**
  Occupational Accident coverage protects you if you're hurt while working, and you name a beneficiary for your family.
- **Already insured? Keep your policy**
  If your own coverage meets the requirements, upload it and you won't be charged for that coverage.
- **Everything in one place**
  Documents, coverage, and pay in one app. GigSafe reminds you before anything expires so you don't get pulled off routes.

What you need to sign up

- [ ] **US Driver's License**
  Physical & unexpired, plus a selfie
- [ ] **VIN & State Vehicle Registration**
  17 characters, registration must match
- [ ] **SSN & current address**
  Business entity / EIN too, only if you have one
- [ ] **Bank account or debit card**
  For your weekly settlement

What comes out of your settlement

CHARGE	RATE	WEEKLY MAX	MAX REACHED AT
Commercial Auto Liability Covers damage you cause to others while on Fusion work	3% of settlement	$37.00	about $1,233 / week
Occupational Accident (OCAC) Covers your injuries while working	1.5% of settlement	$15.00	$1,000 / week
Cargo Insurance Covers loss or damage to the goods you're carrying	1% of settlement	$7.00	$700 / week
Admin & Monitoring Verifies and tracks your documents and policies	1% of settlement	$6.50	$650 / week
Most you will ever pay in a week	**6.5% combined**	**$65.50**	

Real examples

YOUR WEEKLY SETTLEMENT	COMMERCIAL AUTO	OCAC	CARGO	ADMIN	WEEKLY TOTAL
$150	$4.50	$2.25	$1.50	$1.50	**$9.75**
$750	$22.50	$11.25	$7.00 (capped)	$6.50 (capped)	**$47.25**
$1,500	$37.00 (capped)	$15.00 (capped)	$7.00 (capped)	$6.50 (capped)	**$65.50**
$300 Has own commercial auto & OCAC on file	$0.00	$0.00	$3.00	$3.00	**$6.00**

NOTE **No work that week? No settlement, no charge. You only pay on weeks you earn.**

Already have your own insurance?

Upload it during sign-up and skip that charge

- **Auto liability:** Your policy must be a **commercial** policy (personal auto policies are not accepted). Upload ALL declaration pages, not just the summary page.
- **Occupational Accident:** Upload your Certificate of Insurance (COI) showing active coverage.
- **Keep it current:** GigSafe tracks your policy dates and reminds you before anything expires. The Admin & Monitoring fee still applies, since it covers that tracking.

Common questions

Can I find out exactly what I'll be charged?

Yes. Contact GigSafe Support below and we'll walk through your numbers with you.

What if my document gets declined?

Don't stress, it happens. You'll see why it was declined and can reupload right away.

What if I never got my link?

Check your texts and email, including spam. Still nothing? Contact GigSafe Support and we'll resend it.
