

Carlos Delgado

Chief Operating Officer

Carlos is the COO of Fusion Logistics, Inc.. He joined the company in May 2013 as the Vice President of Operations. During his leadership at Fusion, Carlos has led the company's technology development while managing its ever-expanding operations.

Prior to joining Fusion, Carlos was Vice President of Velocity Systems Franchising Corp, a division created within the parent company, Velocity Express, Inc (public). In 2006, he joined Velocity through the merger of CD&L, Inc (public). He worked closely with potential franchisees to develop their footprints and to onboard key customers into new geographies.

During his tenure at CD&L, Carlos served as Vice President of CD&L Logistics, a division launched to expand the parent company's delivery reach. There Carlos lead the effort to expand the logistics' group network of agents across the country and to round out CD&L's service offerings.

Carlos was responsible for the development of customized platforms, allowing agents and the logistics division to interact seamlessly across various platforms. His multi years of experience in managing complex transportation models includes, executive management positions with RR Donnelley, Momentum Logistics (merger), Corporate Express, US Delivery, United Transnet (merger) and Courier Dispatch.

- Carlos is involved in industry organizations and has received various certifications:
- Secretary, Florida Messenger Association (01/19 to Current)
- Board Member Florida Messenger Association (01/18 to Current)
- Six Sigma (Green Belt)
- Certified Excel Expert

Carlos graduated from Miami-Dade College with a BS Degree in Business Management.
